

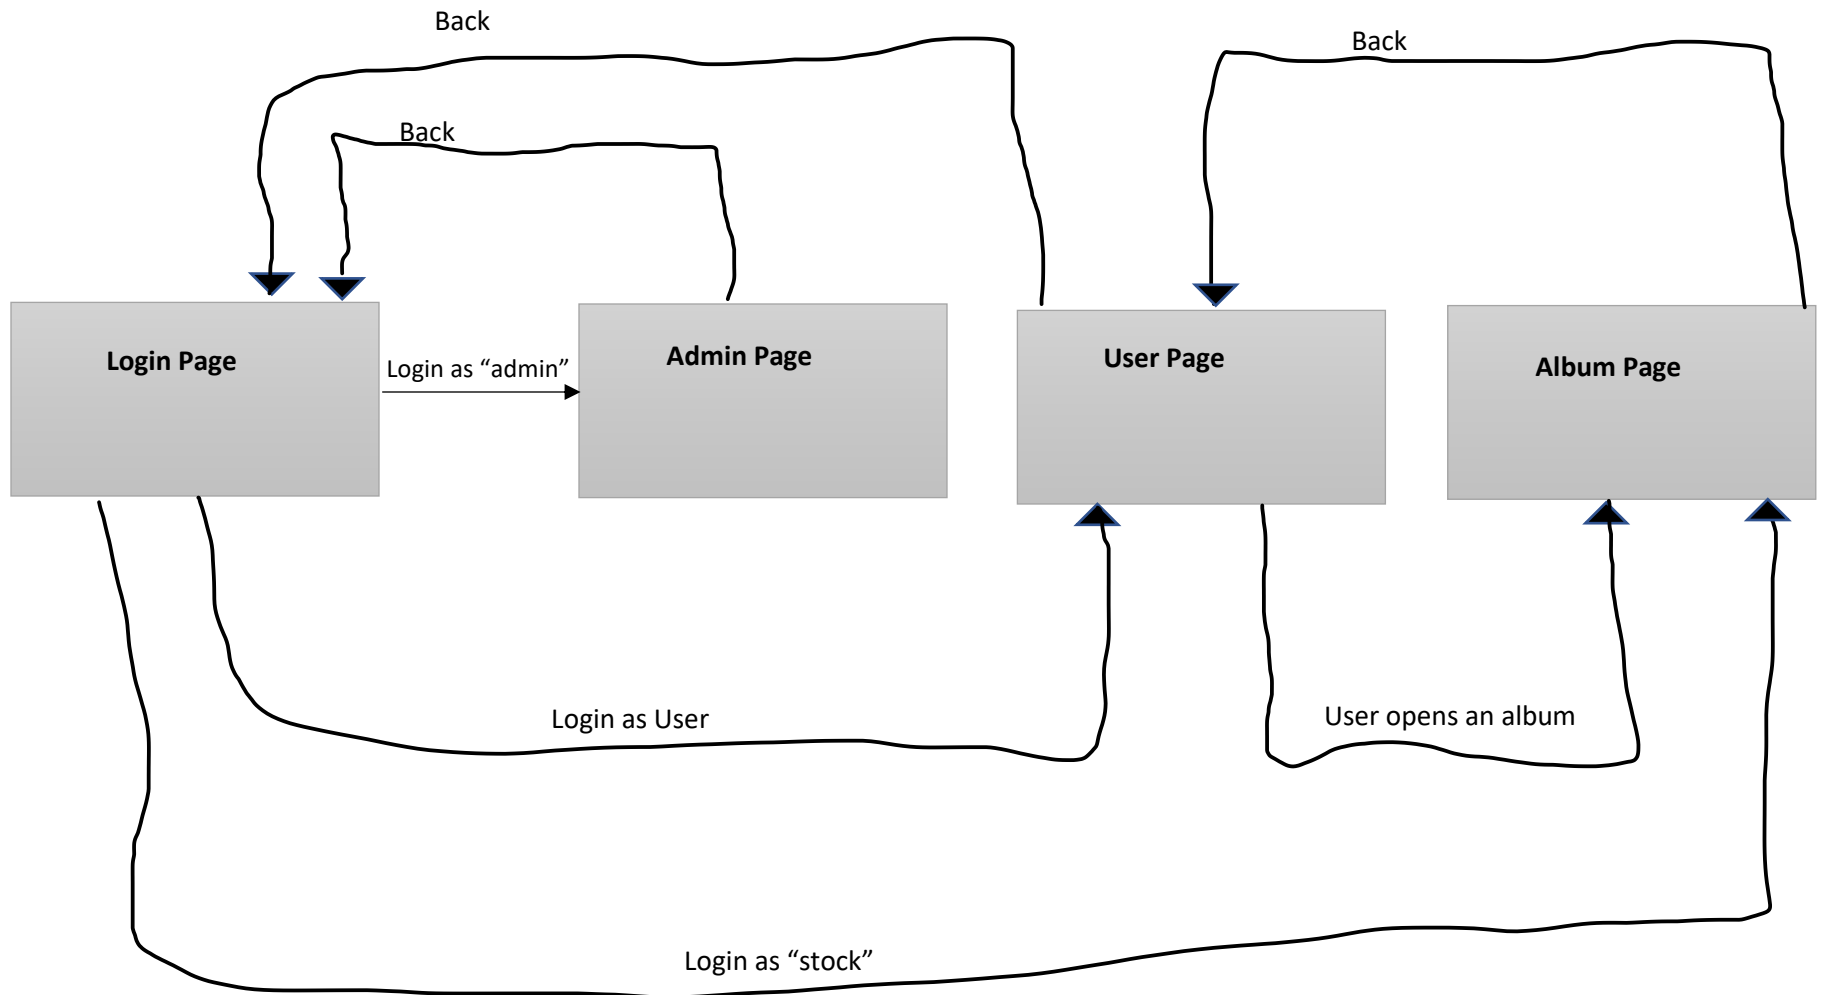

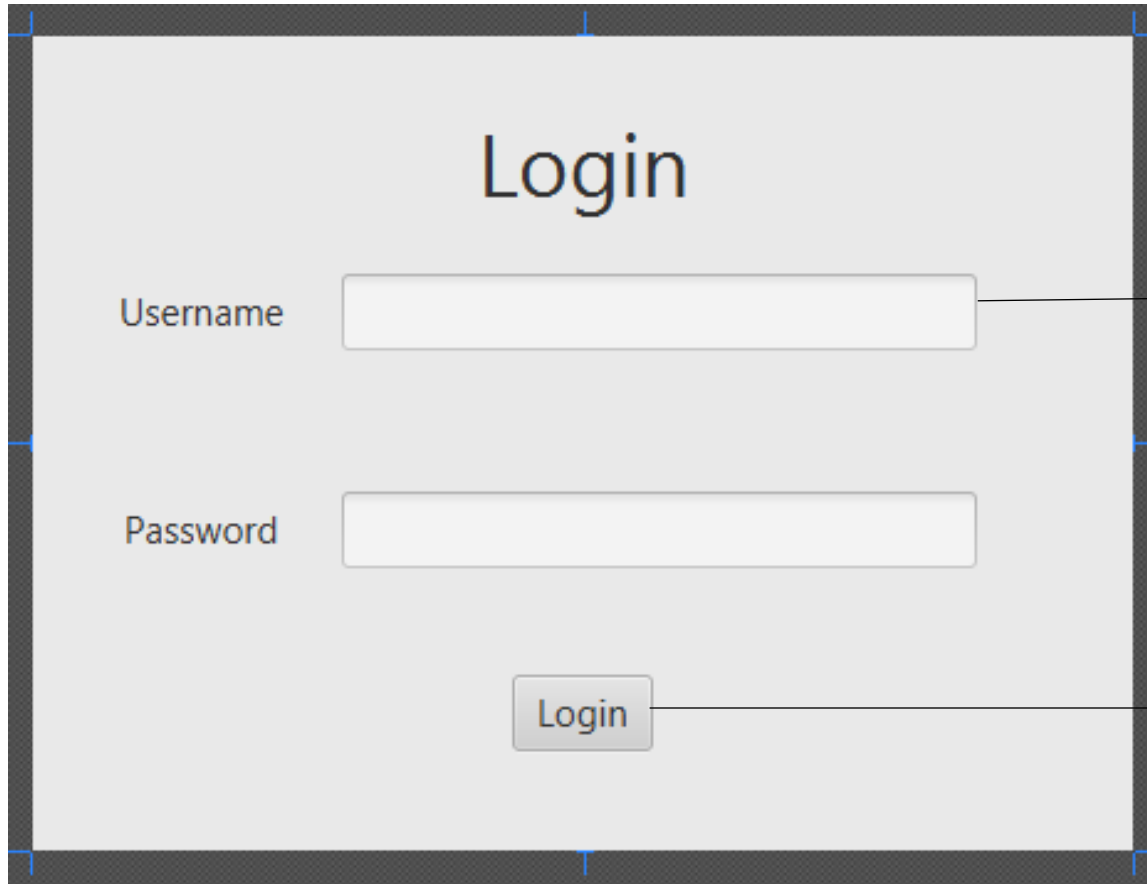

Photos56 Storyboard Overview

Login Page

1

A UI mockup of a login page. It features a light gray background with a dark gray border. At the top center is the word "Login" in a large, dark font. Below it are two white input fields with thin gray borders. The first field is labeled "Username" to its left, and the second field is labeled "Password" to its left. At the bottom center is a gray button with the word "Login" in white text. Blue L-shaped corner markers are visible at the corners of the form area.

"admin": admin page

2

"(any user name)": user's User Page

3

"stock": stock photo album

Go back to previous page

1

The image shows a web application window titled "Admin Page". In the top-left corner, there is a "Back" button. In the top-right corner, there is a close button represented by an "X" icon. The main content area is divided into three sections. On the left, there is a vertical box labeled "List of users". On the right, there are two stacked panels. The top panel is titled "Add a New User" and contains two input fields labeled "Username" and "Password", followed by an "Add a New User" button. The bottom panel is titled "Delete a User" and contains the text "Select an album to delete", followed by an "Album name:" label and a text input field, and finally a "Delete an Existing User" button.

Terminate application, all changes should be saved

The image shows a web application interface titled "User Page". It features a sidebar on the left with a "Back" button and a "List of Albums" section. The main content area is divided into three sections: "Create Album", "Rename Album", and "Delete Album". Each section has an "Album Name" input field and a corresponding button ("Add Album", "Update Name", and "Delete Album" respectively). The "Rename Album" and "Delete Album" sections also include a red error message: "Please Select an Album from the List". On the right side, there is a "Search for Photos" section with input fields for "Date Range", "Tag Name 1: *", and "Tag Value 1: *", followed by radio buttons for "Search by the 1st tag-value pair", "Search by 1st AND 2nd tag-value pair", and "Search by 1st OR 2nd tag-value pair". Below these are input fields for "Tag Name 2:" and "Tag Value 2:", and a "Find Photo" button. Annotations with arrows point to various elements: "Go back to previous page" points to the "Back" button; "List of album names, can click album to open its album page" points to the "List of Albums" section; "Terminate application, all changes should be saved" points to the "X" button in the top right corner; and "Finds a photo and opens up new album for search results based on tag name and tag value. Can search on two tags depending on the radio button clicked." points to the "Find Photo" button.
